**COMMUNICATION REGARDING PREVIOUSLY FILED RESPONSE**

Sir:

A copy of a previously filed Response/Amendment is submitted herewith. Applicant respectfully requests that this Response/Amendment be entered into the USPTO docketing system, placed in the application file, and forwarded to Examiner Steven Ashburn, who is now in Art Unit 3714.

**REMARKS**

In connection with the above-identified patent application, a Response together with a Petition to Revive under 37 CFR 1.137(b), was filed on 17 July 2002. The Petition was granted (Paper No. 14) and mailed to Applicant's previous counsel on 22 August 2002.

In a telephone conversation between Applicant's undersigned representative and Examiner Steven Ashburn on 28 January 2004, it was determined that the Response, which was filed with the Petition to Revive, does not appear to be of record in the USPTO computer system. The Examiner recommended submitting a copy of the previously filed Response so that these computer docketing records may be updated, and further examination may continue in this case.

In accordance with the Examiner's recommendation, a copy of the previously filed Response is submitted herewith. The copy includes a certificate of mailing dated 17 July 2002.

If a telephone conversation would facilitate prosecution of this application in any way, please contact Applicant's undersigned representative at 503.466.2294.

Respectfully submitted,

By Raymond J. Werner
